

Get connected

Quick start guide

How to get online

Step 1: Connect to Glide Wi-Fi

- Scan for available Wi-Fi networks and select **Glide_Signup**.
- Open a browser and you will be re-directed to the Glide welcome screen.
- Under 'Just moved in?', click on **Register**.

Step 2: Create account

- Complete all fields and click **Register**.

Step 3: Connect to your secure network

- If registration has been successful, a confirmation screen with your unique network passkey, will be displayed.
- Click on the **copy** icon and go to your device's network settings.
- **Forget** the Glide_Signup Wi-Fi network and **connect to the Glide_Resident network** instead.
- Paste your passkey in at the prompt and continue.
- Once connected, you can get online.
- You can use the same passkey to add further devices to your personal, private network.

HINT: Make sure you keep your passkey safe. This will also be sent to you via email and text message for your convenience.

Visitor access

- Scan for available Wi-Fi networks and **select Glide_Signup**.
- Open a **browser** and you will be re-directed to the Glide welcome screen.
- Click on **Visitor access**.
- Enter your name and email address and click **Connect**.
- This will provide you with access for 24 hours, after this time you'll need to re-register.
